#### Take 5 Oil Change Mission Statement

To set service standards and achieve customer satisfaction standards that exceed every customer's expectation by maintaining the highest possible level of employee training and development.

#### Evolution of the Brand

In 1996, we designed the first "Five-Minute Drive-Thru Oil Change" concept. This reflected a new direction in our business model, all centered on improving customer experience and the speed of our service. Eventually, we converted our Rapid Oil locations to the Five-Minute format. The conversion to Take 5 "Home of the Five-Minute Oil Change" is an advertising agency's dream come true - with emphasis and branding on changing your oil, not your schedule.

Founded in 1984 and headquartered in Metairie, Louisiana, Take 5 Oil Change currently operates 223 Quick Lube centers in 14 states. Take 5's store format promotes a differentiated customer experience driving superior operational and financial performance resulting in industry leading speed of service, car counts and customer satisfaction scores.

#### We first opened in Metairie, Louisiana

Thirty years ago in the mid 1980s, the automobile world was quite different, but consumer trends continued to move toward niche services that could be provided quickly and conveniently. Recognizing that the average number of vehicles per household continued to increase, and that females would continue to enter the work force, the opportunity for growth was exciting. Over the years, Take 5 has nurtured a value-added, customerfriendly business model.
