Louisville, Kentucky's largest city, sits on the Ohio River along the Indiana Border. Louisville is the county seat of Jefferson County and has a metro population of roughly 1,284,848. Louisville, since its origin, has been heavily linked to the shipping and cargo industries, due to its location at the crossroads of three major interstate highways (I-64, I-65, and I-71). However, in the recent past, Louisville has expanded its economy across several industries, emerging as a major center for health care and medical sciences. It has been central to advancements in heart and hand surgery, as well as cancer treatment. In fact, some of the earliest artificial heart and hand transplants were conducted in Louisville. In addition to a growing economy, Louisville is home to a very diverse cultural scene that includes international cuisine, fine and performing arts, and music. Today, the city is known as the home of the Kentucky Derby, Kentucky Fried Chicken, the University of Louisville and its Louisville Cardinals athletic teams, Louisville Slugger baseball bats, and three of Kentucky's six Fortune 500 companies. Its main airport, Louisville International Airport, is also the site of United Parcel Service's (UPS) worldwide air hub.

Market Overview

Louisville, KY

Louisville

Louisville is a city that combines heritage with innovation, authenticity with originality, and quirkiness with friendliness, in a way that's completely unique to the region. The city is an entirely different type of Southern. From boundary pushing twists on Southern cuisine that has made the city one of the "10 Best New Food Cities" in America to the one and only Urban Bourbon Experience, featuring the world's only, city-wide trail filled with award-winning micro-distilleries, exhibits and craft cocktail destinations. Then discover one-of-a-kind attractions like the legendary Churchill Downs, Louisville Slugger Museum & Factory, and the Muhammed Ali Center. Louisville today is home to dozens of companies and organizations across several industrial classifications. However, the underpinning of the city's economy since its earliest days has been the shipping and cargo industries. Its strategic location at the Falls of the Ohio, and its unique position in the central United States (within one day's road travel to 60 percent of the cities in the continental United States) make it a very practical location for the transfer of cargo along its route to other destinations. Additionally, the Louisville and Portland Canal and the Louisville and Nashville Railroad have been important links in water and rail transportation. Louisville is also a significant center of manufacturing, with two major Ford plants, and the headquarters of major home appliance factory, GE Appliances. The city is also a major center of the American whiskey industry, with about one-third of all bourbon in the nation coming from Louisville.
