PHOENIX OVERVIEW

Phoenix is at the center of the bustling metro area offering great amenities, efficient access from all parts of the Valley, and outstanding real estate options. Phoenix is a young, progressive city where opportunity belongs to those who embrace it. A beautiful and friendly place, we cherish the warmth and welcome the opportunity to evolve. Our vibrant downtown is certainly Phoenix's center, but our strength is the variety offered in our city's 15 urban villages, all with unique identities and attributes. Phoenix is a great location to work and a fabulous place to live, no matter what you do or who you are. In the new economy, people and companies are coming to Phoenix.

The Property is in the heart of the Metrocenter submarket, which is in the midst of a complete revitalization as a result of the City of Phoenix's approval of the Metrocenter Planned Unit Development (PUD). This PUD initiative will support the evolution of Metrocenter Mall from a large regional shopping destination to a central core vision with increased density through multi-family housing, employment, retail, entertainment, and enhanced transit opportunities. The City of Phoenix is fostering the growth of a "village downtown" by creating flexible development standards that will promote new development and redevelopments with walkable amenities and light rail transit options, along with encouraging greater density.
