Marcus & Millichap makes no guarantee, warranty or representation whatsoever about the accuracy or completeness of any information provided. As the Buyer of a net leased property, it is the Buyer's responsibility to independently confirm the accuracy and completeness of all material information before completing any purchase. This Marketing Brochure is not a substitute for your thorough due diligence investigation of this investment opportunity. Marcus & Millichap expressly denies any obligation to conduct a due diligence examination of this Property for Buyer. The value of a net leased property to you depends on factors that should be evaluated by you and your tax, financial and legal advisors. Buyer and Buyer's tax, financial, legal, and construction advisors should conduct a careful, independent investigation of any net leased property to determine to your satisfaction with the suitability of the property for your needs. Like all real estate investments, this investment carries significant risks. Buyer and Buyer's legal and financial advisors must request and carefully review all legal and financial documents related to the property and tenant. While the tenant's past performance at this or other locations is an important consideration, it is not a guarantee of future success. Similarly, the lease rate for some properties, including newly-constructed facilities or newly-acquired locations, may be set based on a tenant's projected sales with little or no record of actual performance, or comparable rents for the area. Returns are not guaranteed; the tenant and any guarantors may fail to pay the lease rent or property taxes, or may fail to comply with other material terms of the lease; cash flow may be interrupted in part or in whole due to market, economic, environmental or other conditions. Regardless of tenant history and lease guarantees, Buyer is responsible for conducting his/her own investigation of all matters affecting the intrinsic value of the property and the value of any long-term lease, including the likelihood of locating a replacement tenant if the current tenant should default or abandon the property, and the lease terms that Buyer may be able to negotiate with a potential replacement tenant considering the location of the property, and Buyer's legal ability to make alternate use of the property.

Helena is the only downtown on the Mississippi River for the 300 miles between Memphis and Vicksburg, making it a perfect launching point for any river adventure. Fishing, biking, boating and birdwatching are all great Mississippi River Delta activities for the locals and visitors alike. Today, Helena serves as the County seat for Phillips County, Arkansas, part of the lower Mississippi River Delta Region where the St. Francis River empties into the Mighty Mississippi. Its strategic location provides access to the nation's heartland via nearly 15,000 miles of inland water transportation as well as to the Gulf of Mexico and ocean trade lanes to and from Latin America and the rest of the world.

More than seven miles of new rail line have been constructed to connect the new Helena Harbor with the Arkansas Midland Railroad and Class I carrier, Union Pacific. The Union Pacific serves 23 states, linking every West Coast and Gulf Coast port and provides service to the east through its four major gateways in Chicago, St. Louis, Memphis and New Orleans. This railroad is the only railroad to serve all six major gateways to Mexico. The FedEx Superhub at the Memphis International Airport is just one hour away and can receive overnight packages for world-wide delivery as late as midnight.

The Subject Property is in close proximity to one of eight regional campuses of the University of Arkansas for Medical Sciences (UAMS), the state's largest public employer with more than 10,000 employees, 2,876 students, 882 medical and dental residents, and 1,483 faculty members. As the state's only comprehensive academic medical center, the UAMS system boasts an annual economic impact of \$3.92 Billion and secured \$158.1 Million in total research funding by the end of the Fiscal Year ending June 30, 2020.
